

Durabloom® Petunia Series

This purple durabloom petunia is a perfect pop of color for any annual planter or landscape, is sure to bloom all season.

Petunia 'Durabloom Series'

- **Use:** The Durabloom Series was bred for garden performance and is quick to recover from rain and wind. Spreading habit is perfect for large containers and garden beds.
- **Exposure/Soil:** Loves full sun or at least 4-5 hours of afternoon sun. They love the heat! Water 2-3 times a week under the leaves. Requires well-draining soil and appreciates slow release fertilizer. Water regularly under the leaves. Detests too much rain or overhead water sprinklers that go off too late in the day. If you are not good at watering get some **Soil Moist granules to add to soil.**
- **Growth:** Moderate grower 8-12" high and 18-24" wide.
- **Hardiness:** Zone 9-11; Annual, Some people have luck with them coming back by reseeding. Will not come up until following May however. Excellent heat tolerance and weather recovery.
- **Foliage:** Dainty, green leaves.
- **Flowers:** A profusion of large bright colored flowers from spring to fall frosts. They come in many colors.
