

FanciFillers™ Guacamole

Plectranthus 'Guacamole'

- **Use:** An outstanding foliage component for hanging baskets, containers and in-ground plantings. Guacamole has a beautiful blend of yellow and avocado green foliage on deep red stems. The plants have medium vigor and a well branched spreading habit. In the garden, Guacamole is best suited for partial shade locations with adequate moisture for the best color.
- **Exposure/Soil:** Very easy to grow with relatively low maintenance. Plant in full sun, partial sun, or full shade; heat tolerant. Keep soil moist watering under leaves and flowers for best results, but don't leave them in soggy areas or too much water.
- **Growth:** Height can reach 18-24" tall and wide.
- **Hardiness:** Zone 9-11 Annual; Houseplant Heat tolerant.
- **Foliage:** Deciduous; Has beautiful blend of yellow & avocado green foliage.
- **Flower:** Not known for flowers.

Loves the sun or part shade and super easy! Can also be used as an easy houseplant for a sunny window.
