

# Emerald Snow® Semi-dwarf Loropetalum

**Deer Resistant,  
Disease / Pest  
Resistance, Dwarf,  
Fall Blooming,  
Reblooming**

## ***Loropetalum chinense 'Shang-white' PP21738***

- **Use:** This new evergreen shrub is the perfect size for most yards. Combining glossy, green foliage with loads of delicate, white flowers in spring and occasional blooms in summer and fall, it grows 3 to 4 feet wide and tall and takes pruning well. If you hate maintenance, you'll love Emerald Snow. ***Southern Living Collection Plant***
- **Exposure/Soil:** Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer two times a year. Full– part sun.
- **Growth:** Moderate-growing to 4-6' tall and 3-4' wide, but can be kept smaller.
- **Hardiness:** Zone 7a-10b, Shrub
- **Foliage:** Evergreen. Deep green asymmetrical leaves.
- **Flower:** White strap-like flowers in spring.
