

Coppertop® Viburnum

This low maintenance upright evergreen features brilliant, dark maroon to copper new growth that reappears after each pruning—giving this plant season-long appeal.

Viburnum odoratissimum 'BRANT01' 30449

- **Use:** The robust nature of Sweet Viburnum allows for a wide range of growing conditions but it will perform best in partial shade. Can be used as a background hedge, screen, or can become treelike if given enough time and space.
- **Exposure/Soil:** Full to part sun(best) to shade (tolerable). Water regularly, when top 3 in. of soil is dry.
- **Growth:** Quickly growing 6-8' tall x 5-6' wide.
- **Hardiness:** Zone 7-10; Shrub (10 degrees)
- **Foliage:** Evergreen. Unsurpassed resistance to black spot leaf disease.
- **Flower:** Fragrant, white spring flowers. Berries turn from red to black and are attractive to birds.
