

Lenten Rose Mix

Helleborus orientalis (Mix)

- **Use:** Beloved by shade gardeners everywhere for thick evergreen leaves and winter blossoms in the shade. Excellent in drifts in woodland gardens.
- **Exposure/Soil:** Part sun-shade. Moist, well-drained soil, but not soggy.
- **Growth:** Grows 18" tall and wide; multiplies well.
- **Hardiness:** -20 to -30deg; perennial
- **Foliage:** Evergreen, virtually problem free.
- **Flower:** Wonderous array of flower colors of purple, red, pink and green from almost pastel shades to almost black that bloom from late winter to spring.
